Dear Petitioner:

Mabbett & Associates (Mabbett) is providing this notification letter on behalf of Buckley & Mann, Inc., the owner of the above-referenced disposal site, regarding the collection of information for the draft Public Involvement Plan (PIP) for Release Tracking Number 2-3000173. A PIP petition was received by Buckley & Mann on May 23, 2018 and the site was designated as a PIP site in accordance with the Massachusetts Contingency Plan (MCP), 310 CMR 40.1404.

As part of the PIP process, we are soliciting information from the PIP petitioners to identify local concerns associated with this site. With this letter, we are requesting information from the PIP petitioners regarding community concerns on the following:

- Concerns about the nature and extent of contamination
- Concerns about the routes of exposure and neighborhood health issues
- Concerns about opportunities for public involvement during the site assessment process
- Other concerns

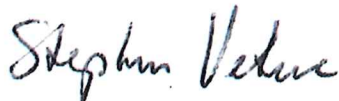

Therefore, if you have comments with the above items and would like to provide input for the public involvement process, please send an email to vetere@mabbett.com before July 17, 2018. Concerns as identified above will be summarized and provided in the Draft PIP to be presented in early August at a public meeting in Norfolk.

If you wish to be removed from this mailing list, please contact Steve Vetere at vetere@mabbett.com.

Very truly yours,

MABBETT & ASSOCIATES, INC.
