

THE COMMONWEALTH OF MASSACHUSETTS
WATER RESOURCES COMMISSION

NOTICE OF PUBLIC HEARING

Relating to the Interbasin Transfer Application
For Weymouth's Proposal to Construct an Additional Connection
to the MWRA Sewerage System

The Massachusetts Water Resources Commission hereby gives notice pursuant to MGL c. 21 §§ 8B - 8D, and 313 CMR 4.00, Interbasin Transfer Act and Regulations, that it will conduct a public hearing to receive public comments on the Staff Recommendation to approve or deny Weymouth's Interbasin Transfer request.

Weymouth is applying for permission to increase its present rate of Interbasin Transfer by constructing an additional connection to the MWRA near the existing Landing Interceptor. This project is part of a larger sewer improvement project being undertaken by the Town, but it is the only portion which triggers the Interbasin Transfer Act. The additional connection near the existing Landing Interceptor will increase the Town's present rate of interbasin transfer.

It is expected that a staff recommendation to approve or deny the application will be presented to the Water Resources Commission at its June 13, 2002 meeting. Copies of the staff recommendation will be available at the meeting, or by calling Michele Drury at 617-626-1366.

The public hearing to receive comments on the recommendation will be held on Tuesday evening, June 25, 2002 at 7 PM, in the Board Room, Weymouth DPW, 120 Winter Street, Weymouth.

Written comments addressed to the Water Resources Commission, Attention: Michele Drury, DEM, Office of Water Resources, 251 Causeway Street, Suite 700, Boston, MA 02114, (fax: 617-626-1349; email: michele.drury@state.ma.us) will be accepted until 5 PM, July 2, 2002.
