

NOTICE OF A REMEDIAL ACTION PLAN

**A.L. Prime Energy Consultants, Inc.
(Formerly known as Pleasant Street Auto)
117 Pleasant Street
Woburn, Massachusetts
RTN 3-0002194 & Tier 1 Permit #W048541**

A **Remedial Action Plan** (310 CMR 40.0861) has been developed for this site pursuant to the Massachusetts Contingency Plan (310 CMR 40.1406). This disposal site was classified as a Tier I on March 10, 2004 and granted a Waste Site Cleanup Permit on April 25, 2004.

The **Remedial Action Plan** proposes the following measures to respond to a release of oil and/or hazardous material at this disposal site:

- 1) No Further Action and a favorable result from a Method 3 Risk Characterization to support the preparation of a partial Class A-2 Response Action Outcome (RAO) Statement in association with residual polynuclear aromatic hydrocarbon (PAH) contamination identified in shallow site soil.
- 2) Monitored Natural Attenuation and the preparation of a Class C RAO Statement in association with residual petroleum contamination to site groundwater since gasoline contaminated soil reporting measured concentrations above applicable Massachusetts Contingency Plan Method 1 S-1 GW-1 Soil Standards was removed under a previously completed Release Abatement Measure (RAM) and no measured concentrations of petroleum contamination are currently identified in site groundwater above applicable Massachusetts Contingency Plan Method 1 GW-2 or GW-3 Groundwater Standards.

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at disposal sites: 1) The Chief Municipal Officer and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is located, or of a municipality potentially affected by a disposal site, a plan for involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact John H. Clement, Massachusetts Licensed Site Professional (LSP) and president, NEET, 310 Main Street, Groveland, MA 01834 at (978) 521-1111.
