

THE COMMONWEALTH OF MASSACHUSETTS
WATER RESOURCES COMMISSION

The Massachusetts Water Resources Commission (WRC) is considering a public comment process for future requests to classify unassessed basins using the Interim Methodology approved in the 2001 Stressed Basins in Massachusetts report. The proposed process is available from Michele Drury, Department of Conservation and Recreation's Office of Water Resources (michele.drury@state.ma.us or 617-626-1366).

Comments on this process will be accepted until 5 PM, September 16, 2005. The WRC will vote on this process at its October 13, 2005 meeting.
