RE: Access Agreement – RTN 1-17758
31 Forest Avenue, Greenfield, MA
Lunt Silversmith Site at
298 Federal Street, Greenfield, MA

Dear Mr. and Ms. Ayrapetyan:

The Massachusetts Department of Environmental Protection (“MassDEP”) is assisting the Town of Greenfield to determine the source and extent of environmental contamination from the former Lunt Silversmith Site located at 298 Federal Street in Greenfield. As part of the Lunt Silversmith site investigation, indoor air sampling is planned for properties on Kenwood Street and Forest Avenue. Access to your property at 31 Forest Avenue is needed to investigate contamination migration, especially to determine whether contamination could be affecting indoor air, including the first and basement levels. We anticipate collecting indoor air samples at your property. This work will be conducted in January 2103 by the City and MassDEP. MassDEP will provide you with the analytical results from the air samples collected at your property.

Enclosed please find an Access to Property Agreement and MassDEP’s Indoor Air Sampling Fact Sheet. Enclosed please find an Access to Property Agreement. Please sign and date the agreement, and return it to our office at the above letterhead address. MassDEP staff will contact you with further details about the anticipated work, and to notify you of the dates on which access will be needed, once the work has been scheduled.

I want to thank you in advance for your cooperation in this matter and for voluntarily providing access to the property. If you have any questions, feel free to contact myself or Ben Fish at (413) 755-2285.

Sincerely,
