

## **NOTICE OF A REMEDY IMPLEMENTATION PLAN**

### **THE CITY OF SPRINGFIELD BOILER PLANT 1586 EAST COLUMBUS AVENUE SPRINGFIELD, MASSACHUSETTS RTN 1-00167**

A Remedy Implementation Plan (310 CMR 40.0874) has been developed for the above site pursuant to the Massachusetts Contingency Plan (310 CMR 40.1406). This disposal site was classified as Tier IB on June 6, 2000.

The Remedy Implementation Plan proposes the following measures to respond to a release of oil an/or hazardous materials at this disposal site:

- Monitor the migration of #4 and #6 fuel oil in the subsurface to determine the seepage velocity.
- Implement an oil recovery system should the plume threaten sensitive environmental or human receptors.

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and the involvement in decisions regarding the response actions at disposal sites: 1) The Chief Municipal Officer and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition of ten or more residents of the municipality in which the disposal site is located, or of a municipality potentially affected by the disposal site, a plan for involving the public in decisions regarding the response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact Timothy J. O'Brien, LSP, Director of Environmental Services, ATC Associates Inc., 73 William Franks Drive, West Springfield, Massachusetts 01089 at (413) 781-0070 extension 197.
