

**NOTICE OF APPLICATION FOR A TIER I  
WASTE SITE CLEANUP PERMIT**

**Property located at:**

**Eagle Gas, Inc.**

**131 Main Street**

**Carver, MA**

**Release Tracking Numbers: 4-17582 and 4-17852**

Pursuant to the Massachusetts Contingency Plan (310 CMR 40.0700), an application for a **Tier I Permit** is being submitted to the Massachusetts Department of Environmental Protection (MADEP) for this site. A release of oil and/or hazardous materials has occurred at this location, which is defined as a disposal site (as defined by M.G.L. c. 21E, Section 2). This site has been classified as Tier IA (310 CMR 40.0500), and an Initial Tier IA Permit application is being submitted to the MADEP on December 30, 2005. A permit is required to proceed with Comprehensive Remedial Responses at all Tier I sites.

Anyone interested in reviewing the Permit application should notify MADEP by writing to **MADEP, BUREAU OF WASTE SITE CLEANUP, PERMIT SECTION** at **20 Riverside Drive, Lakeville, MA, 02347**, by January 19, 2006. If anyone notifies MADEP of his or her interest in reviewing or submitting comment on the application, MADEP will conduct a public comment review period of twenty (20) days, which shall run concurrently with MADEP's Initial Technical Review of the application. Anyone who fails to notify MADEP in writing of his/her interest in commenting on the application by the above date may be deemed to have waived his/her right, if any, to appeal to MADEP's permit decision or to intervene in an adjudicatory proceeding with respect to the application, pursuant to 310 CMR 40.0770(2).

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at the disposal sites: 1) the Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is located, or of a municipality potentially affected by a disposal site, a plan for involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact Charles Klingler, Branch Manager/LSP, ECS, 27 Midstate Drive, Suite 218, Auburn, MA, 01501 at (508) 832-6022.
