FEDERAL CONSISTENCY REVIEW NOTICE

The Massachusetts Office of Coastal Zone Management (CZM) Office is reviewing the proposals listed below for consistency with its enforceable program policies. Project proponents have filed a statement and accompanying information with the CZM Office certifying that their proposal is consistent with these policies. This information is available for public inspection at the CZM Office. Written comments may be submitted to the CZM Office within 21 days of the publication date of this *Environmental Monitor*. Anyone having technical questions regarding a particular project should contact the reviewer listed at the end of each notice below. Anyone having questions regarding the public comment process, or having comments on any project listed below should contact:

Jane W. Mead, Sr. Project Review Coordinator
Massachusetts Office of Coastal Zone Management
251 Causeway Street, Suite 900
Boston, MA 02114

The Commonwealth of Massachusetts-Department of Fish and Wildlife is seeking CZM Federal Consistency for the New Bedford Harbor Tern Restoration Project, Roseate Tern Nesting Habitat Enhancement at Bird Island in Marion, MA. This project includes the reconstruction of an existing stone revetment on a Coastal Beach, the filling of eroded low areas which currently support salt marsh resources within the perimeter of the existing revetment to restore Common Tern nesting habitat to draw these birds away from occupying the diminishing Roseate Tern nesting habitat, and to further stabilize the island to protect an historic lighthouse. To accomplish this project a temporary floating pier will be constructed to facilitate getting personal, equipment and materials onto the island. Contact Dave Janik.
