

**NOTICE OF A PHASE IV REMEDY IMPLEMENTATION PLAN
MASTER METALS INDUSTRIES, INC.
9 HARBACK ROAD
SUTTON, MASSACHUSETTS
RTN 2-1136, 2-12143**

A Phase IV Remedy Implementation Plan (RIP) (310 CMR 40.0870) has been developed for this Site pursuant to the Massachusetts Contingency Plan (310 CMR 40.1406). This disposal Site was classified as Tier IA in March 1998. A Tier IA Permit Extension was granted on December 12, 2003.

The RIP proposes the following measures to respond to a release of oil and/or hazardous material at this disposal Site:

- Chemical oxidation using a hydrogen peroxide solution,
- Soil removal, and
- Assessment and monitoring

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at disposal Sites: (1) The Chief Municipal Officer and Board of Health of the community in which the Site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and (2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal Site is located, or of a municipality potentially affected by a disposal Site, a plan for involving the public in decisions regarding response actions at the Site will be prepared and implemented, pursuant to 310 CMR 40.1405.

Anyone interested in reviewing the reports documenting the comprehensive response actions completed at the Site should notify the DEP by writing to DEP, Bureau of Waste Site Cleanup, Permit Section, at the Central Region Office, 627 Main Street, Worcester, Massachusetts 01608.

To obtain more information on this disposal Site and the opportunities for public involvement during its remediation, please contact Mr. Mark A. Welsh, LSP, Corporate Environmental Advisors, 127 Hartwell Street, West Boylston, MA 01583, (508) 835-8822.
