## NOTICE OF SITE RECLASSIFICATION

Mobil Station / Former Gulf Service Station

81 Tyngsboro Road

Chelmsford, MA 01863

Pursuant to the Massachusetts Contingency Plan (310 CMR 40.0480), an Initial Site Investigation has been performed at the above-referenced location.

A release of oil and/or hazardous materials has occurred at this location, which is a disposal site (as defined by M.G.L. c. 21E, Section 2). This site has been reclassified as **Tier IC** (310 CMR 40.0500) and a **Tier IC Permit Application** is being submitted on or about March 24, 2005 to the Massachusetts Department of Environmental Protection (DEP) pursuant to 310 CMR 40.0703. A permit is required to proceed with Comprehensive Remedial Responses at all Tier I sites.

Anyone interested in reviewing the permit application should notify the DEP by writing to the DEP, Bureau of Waste Site Cleanup, Permit Section at Northeast Region, One Winter Street, Boston, Massachusetts 02108 within 20 days of the date of this publication. If anyone notifies the DEP of his or her interest in reviewing or submitting comment on the Tier I permit application, the DEP will conduct a public comment review period of twenty (20) days, which shall run concurrently with the DEP's Initial Technical Review of the application. Anyone who fails to notify the DEP in writing of his/her interest in commenting on the application within 20 days of the date of this publication may be deemed to have waived his/her rights, if any, to appeal the DEP's permit decision or to intervene in an adjudicatory proceeding with respect to this application, pursuant to 310 CMR 40.0770(2).

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at disposal sites: 1) The Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is located, or of a municipality potentially affected by a disposal site, a plan for involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact Adam J. Last, P.E., LSP, Corporate Environmental Advisors, Inc. (CEA), 127 Hartwell Street, West Boylston, MA 01583 at (508) 835-8822.
