

**NOTICE FOR AN APPLICATION FOR AN EXTENSION OF
A WASTE SITE CLEANUP PERMIT**

**CUMBERLAND FARMS FACILITY #118651
226 CHURCH STREET, PEMBROKE, MA
RTN 4-1354**

Pursuant to the Massachusetts Contingency Plan (310 CMR 40.0703), an application for a Permit Extension is being submitted to the Department of Environmental Protection (DEP) for this site on April 6, 2006. The application proposes to extend the permit for this site to April 6, 2008 for the following rationale:

- ♦ On behalf of Cumberland Farms, Inc. (CFI), ENSR is submitting a Termination of Remedy Operation Status (ROS) for the site, since the current remedial technologies implemented at the site by the previous consultant will not support a means for a Permanent Solution to obtain permanent site closure.
- ♦ Upon terminating ROS, the original Tier I Permit #82638 must be reopened and extended in order to conduct additional site investigations with the intent of entering ROS prior to the permit expiration date.

Once a site has been classified as Tier I, a permit is required to proceed with a Comprehensive Remedial Response Process. Anyone interested in reviewing the Permit Extension application should notify DEP by writing to: DEP, BUREAU OF WASTE SITE CLEANUP, PERMIT SECTION at SOUTHEAST REGIONAL OFFICE, 20 RIVERSIDE DRIVE, LAKEVILLE, MA 02347 by April 26, 2006. If anyone notifies DEP of his or her interest in reviewing or submitting comment on the application, DEP will conduct a public comment review period of twenty (20) days which shall run concurrently with DEP's Initial Technical Review of the application. Anyone who fails to notify DEP in writing of his/her interest in commenting on the application by the above date may be deemed to have waived his/her rights, if any, to appeal DEP's permit decision or to intervene in an adjudicatory proceeding with respect to this application, pursuant to 310 CMR 40.0770(2).

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at disposal sites: 1) The Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact Oliver Udemba, Senior Project Manager, Cumberland Farms, Inc., 777 Dedham Street, Canton, Massachusetts 02021 at (781) 828-4900.

**NOTICE FOR AN APPLICATION FOR
A MAJOR PERMIT MODIFICATION**

**CUMBERLAND FARMS FACILITY #118651
226 CHURCH STREET, PEMBROKE, MA
RTN 4-1354**

Pursuant to the Massachusetts Contingency Plan (310 CMR 40.0703), an application for a Major Permit Modification is being submitted to the Department of Environmental Protection (DEP) for the above referenced site on April 6, 2006. The application proposes the following modifications and rationale:

- ◆ Downgrade Tier Classification of the site from a Tier IB to a Tier IC based on a recent review of current site conditions and a Numerical Ranking System (NRS) Rescoring.

Anyone interested in reviewing the Major Permit Modification application should notify DEP by writing to: DEP, BUREAU OF WASTE SITE CLEANUP, PERMIT SECTION at SOUTHEAST REGIONAL OFFICE, 20 RIVERSIDE DRIVE, LAKEVILLE, MA 02347 by April 26, 2006. If anyone notifies DEP of his or her interest in reviewing or submitting comment on the application, DEP will conduct a public comment review period of twenty (20) days which shall run concurrently with DEP's Initial Technical Review of the application. Anyone who fails to notify DEP in writing of his/her interest in commenting on the application by the above date may be deemed to have waived his/her rights, if any, to appeal DEP's permit decision or to intervene in an adjudicatory proceeding with respect to this application, pursuant to 310 CMR 40.0770(2).

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at disposal sites: 1) The Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact Oliver Udemba, Senior Project Manager, Cumberland Farms, Inc., 777 Dedham Street, Canton, Massachusetts 02021 at (781) 828-4900.
