Commissioner

**Water Management Act Permit Application  
Received by the  
Department of Environmental Protection  
For the Blackstone River Basin**

The Massachusetts Department of Environmental Protection will accept written comments on the Water Management permit application filed for permitting in the Blackstone River Basin under the Water Management Act (MGL 21G). A copy of this application is available for review at the MassDEP office, 627 Main Street, Worcester, MA. Please call the MassDEP Service Center at (508) 792-7683 to arrange an appointment. The application can also be reviewed at the Uxbridge Department of Public Works, 147 Hecla Street, Uxbridge, MA 01569.

The Uxbridge Department of Public Works has applied to MassDEP for an amendment to their Water Management Act permit to add the Rosenfeld Well as a withdrawal location. The Rosenfeld Well site is located in Uxbridge east of Quaker Highway, west of the Blackstone River and north of Emerson Brook. Uxbridge has not requested an increase in its annual water withdrawal volume. Uxbridge is currently authorized through a Water Management Act registration to withdraw 0.66 million gallons per day (MGD) of groundwater from the Blackstone River Basin, and permitted for an additional 0.58 MGD through February 28, 2009.

Written comments are to be filed within thirty (30) days of this notice and must be submitted to MassDEP, 627 Main Street, Worcester, MA 01608, Attention: Barbara Kickham.

This information is available in alternate format. Call Donald M. Gomes, ADA Coordinator at 617-556-1057.
