

NOTICE OF REMEDY IMPLEMENTATION PLAN

73 WILL PALMER ROAD
SOUTHWICK, MA
RELEASE TRACKING NUMBER 1-10995

RECEIVED

JUN 29 2004

MEPA

A **Remedy Implementation Plan** (310 CMR 40.0874) has been developed for the above site pursuant to the Massachusetts Contingency Plan (310 CMR 40.1406). This disposal site is classified as a Tier II disposal site.

The **Remedy Implementation Plan** proposes the following measures to respond to a release of oil and/or hazardous material at this disposal site:

- ❖ Providing filtration and quarterly monitoring for affected site drinking water wells downgradient of the release. The monitoring will be conducted until four consecutive quarters show concentrations below analytical detection limits.
- ❖ Continued annual groundwater monitoring of affected wells within the site limits.

M.G.L. C. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at disposal sites: 1) The Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site, a plan for involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact:
