

Notice for Publication in the Environmental Monitor

Nestle Waters North America has applied to MassDEP for approval of a Request for Site Exam for three proposed water wells to withdraw approximately 0.5 mgd of water from the Nashua River Basin in Sterling, MA. The proposed wells would be located within property off Heywood Road in Sterling, MA, that is owned by the Town of Clinton and formerly served as Clinton's water supply.

Written comments on the granting of a MassDEP permit to conduct testing of the site for water supply withdrawal may be filed within 30 days of the date of the publication of this notice in the Environmental Monitor. Submit the comments to the Water Management Program at MassDEP's Central Regional Office, 627 Main Street, Worcester MA 01605.
