FEDERAL CONSISTENCY REVIEW NOTICE

The Massachusetts Office of Coastal Zone Management (CZM) Office is reviewing the proposals listed below for consistency with its enforceable program policies. Project proponents have filed a statement and accompanying information with the CZM Office certifying that their proposal is consistent with these policies. This information is available for public inspection at the CZM Office. Written comments may be submitted to the CZM Office within 21 days of the publication date of this *Environmental Monitor*. Anyone having technical questions regarding a particular project should contact the reviewer listed at the end of each notice below. Anyone having questions regarding the public comment process, or having comments on any project listed below should contact:

Jane W. Mead, Sr. Project Review Coordinator
Massachusetts Office of Coastal Zone Management
251 Causeway Street, Suite 900
Boston, MA 02114
617-626-1219

The Office of Naval Research with scientists from the Woods Hole Oceanographic Institution, Scripps Institution of Oceanography and the University of Rhode Island are planning to conduct a basic oceanographic research experiment at the Martha's Vineyard Coastal Observatory on the southern coast of Martha's Vineyard Island. Contact Joe Pelczarski.

The U.S. Environmental Protection Agency is proposing to issue an NPDES general permit for storm water discharges from small municipal separate storm sewer systems in the States of New Hampshire and Massachusetts. Contact Todd Callaghan.

The PG&E National Energy Group is proposing to renew the NPDES permit for the Brayton Point Station, discharging cooling water into Mount Hope Bay. Contact Todd Callaghan.
