AREAS OF CRITICAL ENVIRONMENTAL CONCERN: Is the project in or adjacent to an Area of Critical Environmental Concern?

Yes (Specify Adjacent to No. 22, Sandy Neck Beach System) No

PROJECT DESCRIPTION: The project description should include (a) a description of the project site, (b) a description of both on-site and off-site alternatives and the impacts associated with each alternative, and (c) potential on-site and off-site mitigation measures for each alternative (*You may attach one additional page, if necessary.*)

The proposed project is to implement a Town of Yarmouth-wide 10-Year dredging and beach nourishment plan for 37 locations across the Town of Yarmouth. A description of the Town, its waterways and a discussion of the project is included in the attached Report. The attached Report also provides a description of on-site and off-site alternatives and the impacts associated with mitigation measures for each alternative. It should be noted that each of the 37 sites has been the subject of full application packages for dredging and/or beach nourishment activities. This project is planned to make the Town's task of managing its waterways more effective for on-going maintenance dredging and beach nourishment activities.
