Re: Payne's Crossing (a/k/a Fly Ash Landfill Redevelopment)
Freetown, Massachusetts
EOEEA Number 1982
SFEIR Resubmission

Dear Secretary Bowles:

This letter constitutes the resubmission of the Supplemental Final Environmental Impact Report (SFEIR) regarding the redevelopment of the fly ash landfill located on South Main Street in Freetown, Massachusetts. The proponent, KGI Properties, LLC (KGI), originally submitted three copies of the SFEIR on July 2, 2007. In order to address concerns regarding distribution of the SFEIR and to ensure a full 30-day public comment period, KGI withdrew the SFEIR. We now "resubmit" the SFEIR so that a new notice of the availability of the SFEIR will be provided in the next issue of the *Environmental Monitor*, scheduled to be published on August 8, 2007.

Please note that agencies that received hard copies of the SFEIR on or about July 3, 2007, as indicated in the Circulation List contained on page vii of the SFEIR, will not receive another copy of the document at this time. The contents of the SFEIR are the same. Similarly, any persons who received a hard copy of the SFEIR as a result of the earlier notification in the *Environmental Monitor* will not receive another copy at this time. In addition, it is our understanding that any comments received by the MEPA Office as a result of the earlier notification will be included in the public comments for the resubmitted SFEIR.

In accordance with my earlier discussions with the MEPA Office, I understand that KGI should accommodate any new requests for the SFEIR by offering to provide a disk at no cost or a hard copy for a fee.

Ian A. Bowles, Secretary
Executive Office of Energy and Environmental Affairs
