Director**

**PUBLIC NOTICE**

Pursuant to 33 U.S.C. 1341 and M.G.L. c.21§ 26-53, notice is given of a 401 Water Quality Certification application for a Culvert Replacement on Waterworks Road, Conway, MA by the City of Northampton Department of Public Works (DPW). The project will take place on land owned by the City of Northampton, which is located at 125 Locust Street, MA 01060. The existing undersized culvert carries an intermittent tributary to the F.P. Ryan Reservoir, which is a public water supply. This project proposes to replace the existing culvert with a larger culvert to better pass runoff from large storm events. Additional information on this project may be obtained by contacting Johanna Stacy, DPW Sr. Environmental Scientist at [jstacy@northamptonma.gov](mailto:jstacy@northamptonma.gov) or (413) 587-1570 x1376.

Written comments should be submitted to MassDEP-WERO, Division of Wetlands and Waterways, 436 Dwight Street, Springfield, MA 01103 within twenty-one days of this notice. Any group of ten persons, any aggrieved person, or any governmental body or private organization with a mandate to protect the environment who submits written comments may appeal the Department's Certification. Failure to submit comments before the end of the public comment period may result in the waiver of any right to an adjudatory hearing.
