RE: Notification of filing an NOI for an Ecological Restoration Project for Habitat Restoration and Management at Kestrel Land Trust's "Owl" property, Hadley, MA

NOI Submission Date: Kestrel Land Trust will file the Notice of Intent with the Hadley Conservation Commission and MA DEP in May 2019.

Kestrel Land Trust proposes to do a habitat restoration project on approximately 20 acres of open field owned by Kestrel Land Trust in Hadley, MA. This proposal involves enhancing the wildlife values of the field and promoting the growth of native pollinator species by reducing and controlling invasive plant species and seeding native flowering plants, thereby improving the vegetation structure and expanding wildlife foraging opportunities.
