

For Publication in Environmental Monitor – August 21, 2019

Project: Watson Road Dam Project

Location: Watson Road - Hinsdale, MA

Proponent: Kimberley Wendling

The undersigned submitted a Notice of Intent (WPA 3) pursuant to the Massachusetts Wetlands Protection Act Regulations (310 CMR 10.00) to the Hinsdale Conservation Commission and Massachusetts Department of Environmental Protection on or around July 3, 2019 for the partial removal of Watson Road Dam, which will partially restore the riverine system through Watson Pond, reduce stream fragmentation, and benefit fisheries. In addition, the partial removal protects downstream infrastructure while reducing potential stormwater damage to the downstream area.

Copies of the Notice of Intent may be obtained from:

Fuss & O'Neill, Inc.  
146 Hartford Road  
Manchester, CT 06040

Further information about the Notice of Intent, including examination of copies and date of public hearing, may be obtained from the Hinsdale Conservation Commission at 39 South Street, Hinsdale, MA 01235 or at 413-655-2300 ext 312 or at [concom@hinsdalema.gov](mailto:concom@hinsdalema.gov).
