

**DEPARTMENT OF ENVIRONMENTAL PROTECTION
WETLANDS PROGRAM**

**401 Water Quality Certification Public Notice
Sediment Dredging for Harnett Pond in New Marlborough, MA
401 Water Quality Certification Transmittal No. X286195**

Applicant: Ian Devine

Notification Date: February 24, 2021

Public notice is hereby given of the Water Quality Certification Application by Ian Devine to dredge a 33-acre manmade impoundment located on private property. The proposed dredging of approximately 50,000 CY of root masses and sediment will be performed by suction type dredging near the dam and a hydraulic auger dredge. The dredged material will be reused on-site on the farm fields.

Written comments on the 401 Water Quality Certification application must be received by Wednesday, October 14, 2020 (21 days of this notice, Public Comments Deadline for Dredging Permit application).

Any group of ten citizens or more, with at least five of the ten residents residing in the municipality(s) in which the license or permitted activity is located, any aggrieved person, or any governmental body or private organization with a mandate to protect the environment who submits written comments may appeal the Department's Certification. Failure to submit written comments before the end of the public comment period may result in the waiver of any right to an adjudicatory hearing.

Additional information regarding this application may be obtained by contacting the Wetlands Program at (617) 292-5893. Project plans and documents for this application are on file with the Wetlands Regulation Program for public viewing, by appointment only, at the address below.

Written comments must be addressed to: David Wong, MassDEP Wetlands Program, One Winter Street, 5th Floor, Boston, MA 02108 or via email to David.W.Wong@Mass.Gov.
