Pursuant to the Massachusetts Contingency Plan (310 CMR 40.0703), an application for a Permit Extension will be submitted to the Department of Environmental Protection (MADEP) for this site by January 19, 2007. The MADEP issued a Tier IB permit for this site on February 20, 2005. This application proposes to extend the permit for this site to February 20, 2009 to allow continued implementation of Comprehensive Response Actions at the site that will result in a Permanent Solution as outlined in 310 CMR 40.0000.

If anyone notifies MADEP of his or her interest in reviewing or submitting comment on the Tier IB permit extension application, MADEP will conduct a public comment review period of twenty (20) days which shall run concurrently with MADEP's Initial Technical Review of the application. Anyone who fails to notify MADEP in writing of his/her interest in commenting on the application by the above date may be deemed to have waived his/her rights, if any, to appeal MADEP's permit decision or to intervene in an adjudicatory proceeding with respect to this application, pursuant to 310 CMR 40.0770(2).
