

## NOTICE OF A REMEDY IMPLEMENTATION PLAN

### WILLIAM WEBB MEMORIAL STATE PARK RIVER STREET, WEYMOUTH NECK DEP RTN 3-19574

A **Remedy Implementation Plan** (310 CMR 40.0874) has been developed for the above site pursuant to the Massachusetts Contingency Plan (310 CMR 40.1406). This disposal site was classified as Tier I on May 31, 2000 and granted a Waste Site Cleanup Permit on September 15, 2000.

The **Remedy Implementation Plan** proposes the following measures to respond to a release of oil and/or hazardous material at this disposal site:

- Excavation, consolidation, and capping of arsenic and lead contaminated soils within the park;
- Excavation and off-site disposal of soils containing higher concentrations of arsenic and lead;
- Continuous air monitoring and other safety measures and controls during soil management activities;
- Construction and replacement of a seawall revetment;
- Installation and restoration of wetlands, walkways, and other park amenities.

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public notice of and involvement in decisions regarding response actions at disposal sites: 1) The Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is located, or of a municipality potentially affected by a disposal site, a plan for involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact Russ Wilder, LSP, URS Corp., 38 Chauncy Street, Boston, MA 02111 at 617-542-4244.
