FEDERAL CONSISTENCY REVIEW NOTICE

The Massachusetts Office of Coastal Zone Management (CZM) is reviewing the proposals listed below for consistency with its enforceable program policies. Project proponents have filed a statement and accompanying information with the CZM Office certifying that their proposal is consistent with these policies. This information is available for public inspection at the CZM Office. Written comments may be submitted to the CZM Office within twenty-one days of the publication date of this *Environmental Monitor*, or as otherwise noted below. Send hard copies of your comments to Robert.Boeri@state.ma.us.

Anyone having technical questions regarding a particular project should contact the reviewer listed at the end of each notice below. Anyone having questions regarding the public comment process, or having comments on any project listed below should contact:

Robert L. Boeri, Project Review Coordinator
Massachusetts Office of Coastal Zone Management

The United States Environmental Protection Agency is proposing to issue the NPDES General Permit MAG640000 for potable water treatment facility discharges in the Commonwealth of Massachusetts and the State of New Hampshire. Contact Todd Callaghan 617-626-1233.

The U.S. Coast Guard is proposing to install a new gasoline fueling system and replace the existing diesel fuel piping at Station Brant Point, Nantucket MA. The project involves intallation of a 500 gallon steel storage tank, double walled steel piping and a concrete enclosure. The system will have continuous leak detection with alarm, and secondary containment for the tank and piping to prevent a release of petroleum to coastal waters. Contact Steve McKenna 508-362-1760.
