

PUBLIC NOTICE

Massachusetts Department of Environmental Protection  
Southeast Regional Office  
Division of Water Pollution Control  
20 Riverside Drive  
Lakeville, Massachusetts

Pursuant to the Groundwater Discharge Permit Regulation, and 314 CMR 5.09(b), notice is hereby given that a scope of work for a Hydrogeologic Report has been submitted to the Department of Environmental Protection's Southeast Regional office in Lakeville, Massachusetts. The scope of work was prepared on behalf of the Housing Assistance Corporation of Hyannis, Massachusetts, by Horsley Witten Group, Inc., Sandwich, Massachusetts, in support of an application for a Ground Water Discharge Permit for Community Green in Sandwich, Massachusetts. Community Green is located at Jan Sebastian Way, and will include the development of 47 apartments, ten single resident occupancy units, a community building, five single family homes and agricultural activities, with an expected design wastewater flow of 19,700 gallons per day.
