FEDERAL CONSISTENCY REVIEW NOTICE

The Massachusetts Office of Coastal Zone Management (CZM) is reviewing the proposals listed below for consistency with its enforceable program policies. Project proponents have filed a statement and accompanying information with the CZM Office certifying that their proposal is consistent with these policies. This information is available for public inspection at the CZM Office. Written comments may be submitted to the CZM Office within twenty-one days of the publication date of this *Environmental Monitor*, or as otherwise noted below. Send hard copies of your comments to [Robert.Boeri@state.ma.us](mailto:Robert.Boeri@state.ma.us).

Anyone having technical questions regarding a particular project should contact the reviewer listed at the end of each notice below. Anyone having questions regarding the public comment process, or having comments on any project listed below should contact:

**Cape Wind Associates, LLC** is proposing a project to construct a wind turbine array facility on Nantucket Shoals. The project proponent has submitted two federal consistency certificates (U.S. Department of the Interior, Minerals Management Service and U.S. Army Corps of Engineers) for federal consistency determination. As the submitted certifications are for the same project, CZM will be consolidating its federal consistency review. At the conclusion of the review, CZM will issue two determinations, one for each certification. Contact Bob Boeri (617-626-1050) with questions.
