The Town of Plymouth has applied for a WMA permit to withdraw water to irrigate a golf course and athletic fields (locally known as Forges Field). The applicant has requested a permit for 0.20 million gallons per day (MGD) on an average daily basis over a 214-day season.

The wells are not within areas listed as a Priority Habitat of Rare Species, or an Estimated Habitat of Rare Wildlife by the 2000-2001 Edition of the Massachusetts Natural Heritage Atlas (Plymouth & Manomet Quads). This project has completed MEPA review (EOEA No. 10911).
