MADEP Site No. 2-13286, 2-14267, and 4-14434**

A release of oil and/or hazardous materials has historically occurred at this location which is a disposal site (as defined by M.G.L. c. 21E, Section 2). This site has been reclassified as Tier IC (310 CMR 40.0500), and a Tier IC Permit Application is being submitted by November 7, 2003, to the Massachusetts Department of Environmental Protection (MADEP) pursuant to 310 CMR 40.0703. A permit is required to proceed with Comprehensive Remedial Responses at all Tier I sites.

Anyone interested in reviewing the permit application should notify MADEP in writing at Massachusetts Department of Environmental Protection (MADEP), Central Region, Bureau of Waste Site Cleanup, Permit Section, 627 Main Street, Worcester, Massachusetts 01608 by November 27, 2003. If anyone notifies MADEP of his or her interest in reviewing or submitting comment on the Tier I Permit Application, MADEP will conduct a public comment review period of twenty (20) days which shall run concurrently with MADEP's Initial Technical Review of the application. Anyone who fails to notify MADEP in writing of his/her interest in commenting on the application by the above date may be deemed to have waived his/her rights, if any, to appeal MADEP's permit decision or to intervene in an adjudicatory proceeding with respect to this application, pursuant to 310 CMR 40.0770(2).

M.G.L. c. 21E and the Massachusetts Contingency Plan (MCP) provide additional opportunities for public notice of, and involvement in, decisions regarding response actions at disposal sites: 1) The Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40.1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is located, or of a municipality potentially affected by a disposal site, a plan for involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact Mr. David J. Baker, Project Manager, Mobil Business Resources Corporation, 52 Beacham Street, Everett, Massachusetts 02149, at 617-831-2807.
