If yes, does the project involve any demolition or destruction of any listed or inventoried historic or archaeological resources?

Yes (Specify _____) No

AREAS OF CRITICAL ENVIRONMENTAL CONCERN: Is the project in or adjacent to an Area of Critical Environmental Concern?

Yes (Specify Petapawag _____) No

PROJECT DESCRIPTION: The project description should include (a) a description of the project site, (b) a description of both on-site and off-site alternatives and the impacts associated with each alternative, and (c) potential on-site and off-site mitigation measures for each alternative (You may attach one additional page, if necessary.)

The site currently contains a home and auto body repair shop and contains a gravel parking lot. This proposal will add a 2200 S.F. garage and 720 S.F. office to the existing garage. Infiltrators will be placed below the driveway to catch the additional stormwater runoff generated by the roofs on the proposed garage and office. No off site alternatives were considered, as the proposed additions will not affect any existing natural resources. The applicant will install a bituminous apron along the entryways on Main Street and Arlington Street to control runoff and provide better access to vehicles entering and leaving the site.
