*The existing Town sewer main will be extended from Route 41/102 to include existing residences on Route 41, Route 102, Pomeroy Avenue and Washington Square. Approximately 51 residences, the elementary school and town garage will be serviced once 2,790 feet of new sewer lines and sewer service stubs have been installed. The sewer main installation will occur within the roadway right of way and is likely to occur in more than one phase.*

*The gravity sewer will carry wastewater to the West Stockbridge Wastewater Treatment Facility. The installation will reduce the threat of failing septic systems.*
