Hi Rachel:

I received a number of calls from Westminster residents today. The calls are coming to multiple telephone numbers which is not desirable. My Office is 978-338-5541 ext. 102. When you are providing my number, please provide that one. Calls have come into a separate company and to my cell phone. Those are not appropriate numbers to provide. My cell phone is an especially bad choice as I have poor coverage at my office and at my residence. Again, please use 978-338-5541 ext. 102.

Based on the calls received today, we expect to be provided access to a number of private wells for sampling. We have requested bottled water deliveries for the residences that we will be sampled as a proactive measure pending results of well sampling.
