Dear Ms. Humimick:

On March 2, 2010, Department personnel conducted a Comprehensive Compliance Inspection at 207 Marston Street, Lawrence, Massachusetts. The purpose of this inspection was to determine the compliance status of the former Tombarello & Sons with regard to the Massachusetts environmental regulations referenced above.

On the inspection date, regulatory violations were observed. On March 9, 2010, a Notice of Noncompliance (File No. NON-NE-10-9017-2) was issued to First Lawrence Financial, LLC. On June 29, 2011, Department personnel conducted a follow-up inspection. Based upon observations made during the follow-up facility inspection, and a review of company records, it has been determined that First Lawrence Financial, LLC had returned to compliance with the above referenced regulations as of the date of the follow-up inspection.

If you have any questions relative to environmental regulatory compliance at your facility, please contact David P. LaBrode at the letterhead address or by calling (978) 694-3270.

Very truly yours,
